Richmond Lost Millions
During last year over $30,000,000 investments in new industrial enterprises went to neighboring towns instead of Richmond, because they improved their waterfronts and had sites and shipping facilities to offer and Richmond did not. A small investment in improvement now means millions.

PUBLISHED DAILY

Richmond News

Hickville Government
Richmond is years behind the times in its municipal system of government. Its methods are those of the country village, hence it remains a big, over-grown country town, instead of forging ahead into a city as others do. It should have five commissioners, all elected at-rect and employed all the time.

U. S. ASKS FOR EXPULSION OF TURKS

New Jersey Congressman Drops in Barber Shop—Justice Bailey Dismisses Hearst Case—British Soldiers Fire on Mob of Indian Strikers—Sinn Feiners Are Taken to England.

WASHINGTON, March 24.—The original position of the American government that the Turks should be expelled from Europe is restated in a note to the allied supreme council which has been prepared by the state department and which will be transmitted soon. The note will be the first diplomatic paper to be signed by Bainbridge Colby, the new secretary of state.

The communication is in reply to an inquiry from the French and British governments.

CASE AGAINST HEARST DISMISSED BY COURT

WASHINGTON, March 24.—Justice Bailey of the supreme court of the District of Columbia today signed an order formally overruling the petition of attorneys for the shipping board for the dissolution of the temporary injunction obtained by William Randolph Hearst which prevents the sale of the twenty-nine former German passenger ships. The temporary injunction now remains in effect until Justice Bailey announces a decision on the plea of the shipping board to dismiss the entire case.

CLIFF DURANT MAY CARRY AIR MAIL

SAN FRANCISCO, March 24.—R. C. (Cliff) Durant, millionaire automobile racing driver and aviator, head of the Durant Aircraft Corporation in Oakland, announced today that he will fly Friday from Oakland to Reno with the Nevada mail. He will use a new plane of his own manufacture, which is said to be capable of making a speed of 175 miles an hour on a sustained flight.

Durant declared he will make the

SMALL EXPLOSIVES

Don't save all your flowers for funeral purposes.

It is more blessed to give than receive—advice.

As well as could be expected is not very well.

Family rows, like wars, start over nothing.

Considering all there is to find out, nobody knows much.

Of the many bores are some one can't well tell to gotoel.

Marriage is not a vacation—it's a vocation.

If some are not lead into temptation they get there anyway.

A hundred years from now you won't have a chest to protrude.

A souse is seldom in condition to argue against prohibition.

A pup thinks there is lots going on; the old dog knows better.

CONTRA COSTA ROADS ATTRACT GOVERNMENT

MARTINEZ, March 24.—Plans are being made by the war department to investigate the Contra Costa county concrete highways and particularly the two-slab plans and specifications as prepared by County Surveyor R. R. Arnold. President Ralph H. Wight of the Martinez Chamber of Commerce explained to Colonel O'Hern at a recent visit to Benicia the successful plan of highway construction as devised by County Surveyor Arnold.

It is now understood that arrangements are being made for the government engineers to investigate this type of constructions with a view of having the same adopted as the type of construction for all military roads and such nationas highways as may be constructed.

A thorough investigation by the highway engineers is to be made at an early date, according to the information given out this morning by the Martinez Chamber of Commerce headquarters. The experiment of pavement has been adopted by the county surveyor over the particular portion of the highway between Bay Point and Pittsburg for experimental purposes. The Franklin Canyon highway, the contract of which was recently let to O'Brien Bros. of Martinez, is this type of pavement. Engineers believe that County Surveyor Arnold has devised the type of pavement that will be generally adopted for highway construction purposes.

EVERY VOTER SHOULD GO TO POLLS

Person Who Fails to Exercise Privilege of American Citizen Is Civic Slacker and Should Have Franchise Taken Away—At Last City Election Only 40 Per Cent of Citizens Voted.

The official call by the Board of Education, composed of Messrs. J. N. Long, J. O. Ford and R. E. Slattery, has been issued for an election on April 14, for the purpose of voting upon the proposal to issue $565,000 school bonds, and it is the bounden duty of every man and woman in Richmond who has a vote to go to the polls on that day and cast it.

It makes no difference whether you are in favor of issuing $565,000 school bonds at this time or not. If you are for it, go to the polls and say so, and if you are against it, do likewise. At the last bond election, last fall, only about 40 per cent of the local vote was polled, and this was a disgrace to Richmond. It showed an apathy on the part of the people that deserves nothing but the most stinging rebuke. Any person who fails to use his sovereign right as an American citizen and have a say-so about the running of his government, and about taxation, how much it shall be, how it shall be expended, and who by, deserves to be pointed at as a civic slacker who shirks a duty he owes to his country, his neighbor, himself and his family. Let this never again happen in Richmond.

Superintendent of Schools Helms has already made a statement of what this large amount of money is needed for and how it is proposed to expend it by the School Board. At the public meeting called for the purpose of making and hearing this statement, there was not a corporal's guard of an audience showed up—41 people, out of a voting population of about 7000. This showed intense apathy, and was anything but to the credit of our city.

The News published Prof. Helm's statement at length, so the people could know what they are asked to vote money for, and will publish it again before the election, for that same purpose. In the meantime we believe it would be well for the board to publish a more detailed statement about the proposed expenditures, for of the two or three hundred people we have

(Continued on Page Three)

FAILURE TO PROVIDE FOR SOLDIERS IS REACTING

WASHINGTON, March 24.—Failure of the government to aid former service men has resulted in the I. W. W. making a drive to get such men into that organization, the House ways and means committee was told today by J. E. Holden, state adjutant of the American Legion in Utah.

Organized propaganda by the I. W. W. to discredit government aid and undermine the American Legion is spreading throughout the country, he said, and many "unintelligent" former service men are being gathered into the organization as the result of propaganda, stating that the government has done nothing for former soldiers.

"It is hard to come back," Holden said, "and see the I. W. W. undermining the principles and ideals of former service men and plotting the overthrow of the government."

J. G. Strugham, a member of the Legion's executive committee, told the committee there was much discontent among both former service men and women and that immediate relief was necessary.

PARENT-TEACHERS TO RAISE MILK FUND

Preparations for the grand ball to be given Saturday, May 1, for the purpose of maintaining the fund to supply the undernourished children of the Richmond schools with milk, are being made by the Parent Teachers Association. The association has been supplying milk to the school children for some time, the funds being obtained by a concert held in November and an old paper drive which has just ended.

Principal J. E. Zumwalt of the Lincoln school, where the experiment is being tried, and Superintendent of Schools W. T. Helms, state that so far the experiment has been wonderfully successful, and it is hoped that the work may soon be extended to other schools.

HAPPY YOUNG DADDIES

William A. DeLand and wife are happy over the arrival of a nine-pound baby boy which arrived at their home Sunday night, as well they may be, and Grandpa DeLand is swelled up some about it, too.

The joke is on Everett Lambrecht. A fine baby came to their home a week or two ago, and next day he came down town and bought the best baby buggy to be found.

John Herman, who was arrested for passing an automobile on the wrong side, was fined $5 by Justice of the Peace Roth yesterday.

F. SANDERSON SPEAKS TO COUNCIL

County Chairman of Near East Relief Drive Tells of Debt to Armenia—Sanderson to Speak at Several Different Gatherings This Week.

F. N. Sanderson of Martinez, county chairman of the Near East relief, spoke before the Central Labor Council here last night on the necessity of helping the starving hordes in Armenia. Showing that the resistance offered by the Armenians was a potent factor in bringing about allied successes in the campaigns on the eastern front, Mr. Sanderson appealed for support of the drive, saying that the allied peoples really owe a debt to the eastern nations who fought against the domination of the Turks.

Will Address Rotarians

Mr. Sanderson is booked to make several speeches in Richmond this week in the interest of the Near East relief. He will speak tonight to the members of the Building Trades Council in the Labor Temple, and at noon tomorrow will address the Rotary club at its regular weekly luncheon at the Richmond clubhouse. Tomorrow afternoon at 3 o'clock he will discuss the Armenian situation at the tea which the Parent-Teachers association is giving at the Christian church for the benefit of the Near East relief drive.

The Central Labor Council last night endorsed a resolution, sent out by the Trades and Labor Assembly of Minneapolis, demanding an investigation of the methods of treatment of the immigrants by the bureau of immigration of the department of labor.

The local central body also took action on a communication from the American Federation of Teachers and instructed the business agent to do all possible to better the condition of teachers and form, if possible, a local teachers' union.

Delegates from Richmond will be sent to the Labor party convention which will be held in San Francisco next Sunday. A delegate by proxy is to be sent to the national demonstration for amnesty which the American Freedom Foundation is to hold in Washington, D. C., on April 13, the anniversary of the imprisonment of Eugene V. Debs, former socialist candidate for president.

JOKINGLY PUT

"My son," said a retired merchant, "when I was your age, instead of idling and smoking cigarettes I was laboring twelve hours a day, doing all kinds of odd jobs."

"I'm proud of you, dad," said the youth. "Had it not been for your pluck and perseverance I might be forced to do that same sort of work today!"

A Success

Auntie — What did little Mary get at her birthday party?

Mother—Three books, four handkerchiefs and the measles.

Too True

"Pop, what do we mean by economy?"

"Spending money in such a way as not to get any fun out of it, my son."

SPECIAL SERVICES FOR PASSION WEEK

The program for the Passion week services which are to be held in the Wesley M. E. church beginning next Sunday morning, has been announced by Rev. Paul Little, pastor, as follows:

March 28—11 a. m., address by the pastor; 7:30 p. m., Dr. James A. Geisinger, Centenary Aerial secretary.

March 29—Sunday school night. Address by Dr. E. R. Dille of Alameda.

March 30 — Wesley Matrons' night. Address by Dr. J. H. Levin of San Francisco.

March 31—Young People's night. Addresses by the gospel team from the University of California.

April 1—Women's Home and Foreign Missonary night. Addresses by Chrstian Chinese students from the University of California, "The Christian Religion from the Standpoint of Chinese Students."

April 4—Easter Sunday. (Join the church day.)

McNEIL CASE POSTPONED

The case of M. L. McNeil, who was arrested Monday night for delivering milk after 8 o'clock, contrary to the city ordinance, was yesterday postponed by Judge Odell until Friday.

The funeral of Carl Leonard Anderson was held yesterday afternoon from the Wilson & Donnelly chapel.

LEGION SHOW PLANS BEING MADE

Several Contestants in Queen Contest Already Entered—Briscoe Automobile to Be Given Away—Well Known Entertainers Signed to Furnish Amusements.

Four contestants have been entered up to date in the queen contest which the American Legion is conducting in connection with the big carnival which the Legion will hold March 30 to April 3, and it is expected that there will be many more added before the close of the contest. Those entered already are Mrs. Laura Crampton, Miss Barbara McCann, Miss Eleanor Ensign and Miss Marion Picard. Some of these have participated in previous contests, Mrs. Crampton having won prizes in other affairs of the sort given here.

The contest is so arranged that each girl is to sell chances on a $1395 Briscoe automobile which is to be given away at the time of the carnival. With each chance on the car come twenty-five votes for the girl from whom the tickets are bought. The three girls receiving the highest number of votes will be given prizes. The first prize will be a $200 Victrola. The second and third prizes have not yet been selected.

The committee which has charge of the contest consists of the following members of the Legion: Bert Weirda, Tsar N. Calfee, A. W. Gleason, W. A. Bickery, L. J. Younce and J. T. Narbett.

The carnival promises to be one of the best ever shown here, as the C. A. Wortham World's Best Shows have been signed up for the occasion. The Wortham shows have the reputation of being one of the best outfits of the sort in the country.

One hundred and one new members were added to Onetah Tribe of Redmen during the membership campaign that closed Tuesday night and of which the team led by Dan Noziglia was the winner, having secured 57 members, against 44 by William Campbell's team.

Honest Application

Every worker, regardless of his station in life, wins out by honest application. There is no room for drones in the modern hive. It is an age of "hustle." You should make your money "hustle" for you, too. If you haven't any surplus, get some. Money at work is a good silent partner. Begin to save money. Begin with a dollar a week if you can't save more. This bank helps you by paying 4 per cent interest, compounded semi-annually, on your savings deposit.

THE PAPER OF THE WORKING PEOPLE

HOMESPUN PHILOSOPHY

Our philosophy is of the homespun variety, such as we fancy a railsplitter like Lincoln would have, and it carries with it pity, instead of anger, for those who go wrong. The antics of high society and those ridiculously rich pass us by just like water runs off a duck's back—life is too short to be worrying about such trifles. As for the pursuit of every working man by bankers and propagandists to get him to invest in "drives," there is nothing strange about that—the banker is after the money, or the handling of it, which is part of his business. Any time the bankers, as a class, are a unit for any particular object, no matter what it is, it's a cinch the basic proposition is one of dollars and cents to them. Don't blame the banker for attending to his business, which is to get everybody's money into the banks—and don't invest in anything unless you can afford to without fear of malnutrition.

We are all up against a hard system now, and playing this twentieth century game is strenuous, which is but all the more reason for a positive need of a bit of old fashioned homespun philosophy in our minds and hearts, included therein some of the doctrine of the Fatherhood of God and the Brotherhood of Man, and the Gospel of Sunshine. Without that we should certainly cave down ourself, and get bitter and cynical, and finally conclude that the game is not worth the candle.

PRIDE GOETH BEFORE A FALL

Pride is a fine thing to have, but you can't be too sure that you have the real article. There is nothing in the real pride that will prevent you working at the humblest toil. There is, however, a fake brand which is known as false pride. That brand will get you into all kinds of foolish predicaments. It will cause the neighbors to laugh at you. It will cause you to be an ingrate and neglect your real friends. It will follow you about like a pestilence and will finally divorce you from all the sensible people in town. That is, if you work it too hard. Real pride will make a man of you and cause you to be respected in any sphere conditions may place you. No work is lowly if you have the right kind of pride. You want to remember that it is not the work that elevates the man; it is the man that elevates the work.

A VALID "KICK"

One lady writes in and objects strenuously over the fact that society women are running around in their automobiles to tell the women of poor families just how they ought to live, and not to waste food, and what to cook, and how to cook it, and what not to cook, and all that sort of thing, and says it would be better for the cause of conservation if they would stay at home and mind their own business, instead of burning so much expensive gasoline. She says all these society ladies know about such things is what they read in the papers and magazines, and that the servants they keep at their own homes throw more good food into the garbage cans than some poor families have, and their main object is to seek notoriety and get their names in the society columns. She says the poor would be better off if these meddlers would stay away, as they only embitter them by their intrusions into the homes and private affairs of the lower caste socially. The lady then goes on to remark that while she tries to be patriotic, and all that, such stunts only serve to cool her ardor.

And the lady is right. Nobody should be intruded upon unduly, and one of the finest things in this world is to know when to mind your own business.

THE LAND OF DIXIE

And another reader writes in to know what we mean by potlikker. Well, well, well, man alive, weren't you ever down South? Don't you know what persimmons, and possum, goobers and corn pone are? Where you been raised, man? Potlikker is the juice of boiled pork and greens, and you waller your corndodger in it, and it sticks to the ribs, and is gosh-almighty good.

Unless you are a Southerner you won't know what a "levy" is, either, and unless you are of the West chances are you won't know what two-bits is. Both are the vernacular of their sections for twenty-five cents.

And now, if you want to taste something good from way down South, ask your grocer for some cans of "Creole Dinner," and if he don't keep it, tell him to get some. It is an old Nigger Mammy vegetable soup with ocra in it, and is licking good.

THINKOGRAPHS

Although high prices are general, it costs nothing to be civil.

A married man can't see much sense in paying admission to a lecture.

You can't make Knox, Sherman, Johnson or Bryan believe that silence is golden.

A man seeking a plumber always seems to be mad at something or other.

Getting down early is of less importance than what you do after your arrival.

It isn't necessary to dissipate in order to enjoy a fair amount of personal liberty.

Sometimes a girl's clothes attract attention, and at other times it is the lack of them.

You can't expect a ninety cent collection when you preach a ten cent sermon.

There is a lot of talk about fighting the high cost of living, but it continues to occupy the first line trenches.

Moreover, camouflage is when a girl piles a lot of stuff on her face to make a complexion when there ain't any.

If you go far enough back, your ancestors were savages, and possibly you aren't as civilized as you think you are.

The successful lawyer of these strenuous days is the one who shows people how to violate the statutes with impunity.

The old time law of gravitation seems to have failed. Everything that goes up no longer comes down—but stays up.

The average man is at a disadvantage. He has to obey the city laws, the state laws, the federal laws and his wife's laws.

The man who "looks like thirty cents" now can hardly be visible to the naked eye. Time was when even thirty cents might enable a man to fill his vest pocket with something.

There is one feature about many of the divorces that mitigates the evil some. Many a trifling loafer deprived of the support of a hardworking and neglected wife is compelled to work or starve.

A reformer who starts something and finishes it is a pretty useful sort of a person. But a reformer who is always stirring up something and hasn't the strength to play the whole game is very much of a nuisance.

The way one class in this country tries to profit by exploiting another class and forcing the other class to turn and exploit the exploiters indicates that there are quite a number of people who believe it possible for a man to lift himself by his bootstraps.

When Peoria's distilleries closed down the 2000 employes of the whiskey making concerns went to work the next day in the tractor factories and implement works. Everyone formerly connected with the booze-making industry is now at work at something useful. Thus the loud howl that has been going up for years about thousands of men losing jobs if the liquor traffic was stopped, did not materialize. It is like all the rest of their argument—bunk.

Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.

Inferior insulation wears out before the plates do, and re-insulation is necessary.

Threaded Rubber Insulation greatly postpones and almost always entirely eliminates the need of re-insulation; makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use. You can't afford not to know about it, for some day you'll need a new battery. Call and let us tell you all about it.

School Bond Election

(Continued from Page One)

interviewed upon the subject, the majority have a very hazy idea of anything pertaining to details.

Of those interviewed, The News finds a diversity of oinion. Some say they will vote for the bonds and some say they will not, so it is very hard, impossible, in fact, to draw any intelligent conclusion at this time. The main objection we have heard raised is that many consider the amount excessive for the real needs. This may be, and doubtless is, because they are not posted as to the details. Be that as it may, it is certainly desirable that more details be made public, if the board hopes to carry the election by the necessary two-thirds majority.

The News will be glad to make public any information relative to all details if the board will furnish them. We do not propose to throw any monkey wrenches in this steering gear whatever, one way or the other. All The News wants to see is a full and free vote by all the people, and that is certainly desirable upon any and all such important occasions. The position of The News all along has been, and is yet, that Richmond should be perfectly willing to furnish its school children adequate facilities at all times, and vote such funds for that purpose as may be shown in detail to be necessary, whether it be large or small.

Notice

The New Richmond Land Company has just established their branch office at 2221 Macdonald Ave., Richmond, with W. H. Sanford in charge. They have about 100 fine lots left in Wall's Addition that they are putting on sale at $5 a month; prices running up to $250 a lot. Nothing in the entire bay district to equal them in price and location. Get your ground paid for and we will furnish you money to build when you are ready to build your home. Stop paying rent; this money is forever gone from you. Come and examine our plan books and pick out the kind of cottage you want. Don't forget the number, 2221 Macdonald Ave. New Richmond Land Co.

MRS. DAVIS EXPLAINS LOGICAL HARBOR VIEWS

Coahoma, Texas,

Editor News:

I have been reading all I could find in regards to the harbor project on the Richmond water front and as The News asked readers to express opinions on the harbor bonds, I will submit a few.

Richmond has acted very unwisely in arresting the development of the harbor there, and if this error is not corrected at once the result will be the same as arrested development in the growing human form, and Richmond will always be deficient. Richmond owes her very existence to her waterfront, for it was this that attracted the attention of the Standard Oil Company and brought the great refinery to that place, for the Standard Oil Company wanted a front door as well as a back door to their great industry, and if Richmond now closes her front door to the world she is forever doomed to a "stick-in-the-mud" kind of existence, never to be more than a mere backwater for the other bay cities.

How much business do you suppose a merchant would do if he should have the front entrance to his store shut and barred, and entrance effected only through the back door? His place of business would soon be closed permanently. Even so will Richmond be worse than a dead town if she bars her front door in the face of world trade. You anti-progressives have as an excuse that the taxes you would have to pay to complete the harbor would be to the advantage of those who own property near the waterfront. "Thou fool," don't you know that any improvement in any part of the town will be to the advantage of all parts? What a selfish and childish spirit to display! You had the same chance to buy those mudflats lots as their present owners had, and chose to buy where you are. Don't you know when the big ships come and go to and from the Richmond harbor, and the ships' comanies locate offices there and imports and exports come and go, that a great stream of business will ebb and flow through Rchmond, bringing in of necessity more trades people, workmen and their families, thereby creating larger and better schools, more churches, more shops and stores to supply the increased population, more property owners and taxpayers and a better class of people who will make their homes there on account of the permanent work to be obtained through the great influx of business brought about by opening the "Door of the Sea."

Set the life blood of business to circulating through the arteries of Richmond and save her from death by stagnation. Vote for the harbor bonds.

G. LOGAN DAVIS.

Boy Looses Fingers In Cogs Of Machine

Albert Ketelhut, aged 13, son of F. Ketelhut, owner of the Richmond Baking Company, had two of the fingers of his left hand crushed yesterday when he accidentally thrust his hand into the moving cogs of a machine. He was taken to Dr. Abbott, who was forced to amputate the two middle fingers at the first joint.

Anita Stewart Still On At Richmond

An actual theatrical stage was used for the settings in many of the scenes of "Mind the Paint Girl," a First National feature, with Anita Stewart in the leading role, which will be shown at the Richmond theater today.

Interesting details of the workings behind the wings are brought out in this story of stage life and its ups and downs. The tedious and trying work of rehearsal are brought out, girls are seen in their dressing rooms, hurrying to doff one gown and put on another for the next scene.

Scene painters, carpenters and stage hands are all seen taking their natural parts. In fact, the entire life of the back of the stage folk at their work and also at their play is shown.

Another C. C. Drive To Start Next Week

E. H. Kueffer, newly elected president of the Richmond Chamber of Commerce, announces that permanent committees will be named at the meeting to be held next Friday night and that other important matters bearing upon the work of the Chamber during the coming year will be taken up at that time.

Another drive to bring the membership of the Chamber up to 1000 was inaugurated yesterday, when six teams started a new contest for members. The organization had more than 600 members at the close of a recent contest and it is expected that a large number more will be added during the next few weeks.

Splendid Lecture Tomorrow Evening

There will be an instructive and very interesting lecture delivered by Mrs. Anna Shipley Cox, professor of Greek and Latin at Mills College, at the Presbyterian church, commencing at 8 o'clock, to which an invitation is extended free to the general ublic. The lecture is one of a series being given under the auspices of the men's class. Dr. Cox has lately returned from Rome and her lecture on that world famous city and its people, ancient and modern, is full of graphic interest. The lecture is accomanied by pictures of great interest and value.

Red Hot Election On At El Cerrito

EL CERRITO, March 24.—Nominations for the coming municipal election at El Cerrito closed last evening with a contest in prospect for every office to be filled by the voters on April 12. Mrs. Grace Castner, incumbent city clerk, who did not seek re-election to that office, has filed a petition for city treasurer, as George W. Scott, incumbent, will not run.

The voters will also decide upon the recall of Trustee Peter Larsen, who is opposed by the El Cerrito Taxpayers' League. Louis Hagen is the candidate of these who would recall Larsen. Regular nominees are: Trustees, George W. Adams, George Conlon, Prillip A. Lee, John Sandrick, P. N. Sternberg and Edward N. Wulzer; clerk, Mrs. Alice Morris and Forest Wright: treasurer, Miss Grace Castner and John F. Walsh.

A THIN SHIELD

The Record-Herald said Wharf Manager Misner's reort on the fatal condition of harbor matters here at the council meeting Monday night "caused considerable discussion." It did not cause any discussion whatever, as the R.-H. editor knows, as he was there. The report was simply filed, without a word about it, pro or con, and any "considerable discussion" that may have come up was after The News had made Misner's reort known to the eople. There is a whole lot of discussion going on about it now, however, all over town, and none of it is complimentary to the council.

Frank Savage, editor of the Vallejo Chronicle and formerly popular in local social circles, was a visitor to Richmond yesterday with Mrs. Savage. The young people were recently married at the home of the bride in San Antonio, Texas.

In honor of her sixth birthday Miss Olive, daughter of Mr. and Mrs. F. N. Tyackle, entertained about thirty of her little friends at the family home, 252 Fourteenth street.

Glycerine Mixture For Gas On Stomach

Simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lowel bowel and removes all foul matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose.

CHAS. NIEDECKER, Druggist

WILL GIVE TEA FOR NEAR EAST RELIEF

A benefit tea, te proceeds of which will be turned over to the Near East relief fund, is to be given tomorrow afternoon at the Christian church by the Parent Teachers' association. Mr. F. N. Anderson, county chairman of the drive for the Near East relief fund, is to address the body. A program has also been arranged for the afternoon. Miss Marguerite Noble, Mrs. Robbins and Percival Neale will give vocal selections, accompanied on the piano by Miss Vera Wyatt. Mrs. Billy Brown will give a reading.

NOTED AUTHORITY ON ANIMALS IS COMING

The Richmond Society for the Prevention of Cruelty to Animals has made arrangements for a lecture to be given by Richard C. Craven, the organizer and lecturer of the American Humane Association. The date has not been definitely set but will probably be either April 6 or April 7.

Mr. Craven will speak on "Animals in Peace and War" and will illustrate his lecture with slides. The slides will show livestock conditions in different parts of the world, and will also show the work that has already been done to eliminate suffering for animals.

Boilermakers Pay Benefits To Members

The auxiliary of Boilermakers' Local No. 25 of Bay Point met last night in the Labor Temple here. The metal trades benefit of $7 was given to members of the union on strike. International benefits were also paid to several of the men of Local No. 25. The members of the Bay Point body look for an early settlement of the strike in favor of the workers.

DEMURRER IN DAMAGE SUIT IS SUSTAINED

Joseph Santos was yesterday given ten days to answer the demurrer filed by Mrs. E. H. Keefe in the case of Joseph Santos vs. Mrs. E. H. Keefe. Santos asks for $17,500 damages as a result of a collision here some time ago and a demurrer to the complaint was filed by Mrs. Keefe. The demurrer was sustained in the superior court in Martinez yesterday morning. Mrs. Keefe is represented by Pierce & Carlson.

Jap Potato King Called To Court

George Shima, prominent Japanese in the California potato market, will appear before the grand jury in Los Angeles, according to press reports, to answer questions regarding an alleged potato combine. C. Doran, deputy district attorney of Los Angeles county, is handling the case and declares that the grand jury will take steps to determine whether Shima is an American citizen. It is intimated that a suggestion will be made to federal authorities that Shima be deported if he is found to be an alien. Shima is widely known in the San Joaquin delta, Eastern Contra Costa county and Stockton.

"HAIN'T NO SUCH THING"

One of our reporters got mixed in stating that the citizens who viewed the school sites Tuesday would report to the Taxpayers' Association, and several who were along object to be placed in any such class. We don't blame them. Levi Boswell and Clare Horner were the only members of that alleged association that we know of being present, and, also, to the best of our knowledge and belief, they and our old friend Pillsbury constitute the whole association. As the old farmer said of the giraffe: "There hain't no sich d—— thing."

TELEGRAPH

(Continued From Page One.)

round trip between sunrise and sunset.

N. J. CONGRESSMAN DROPS DEAD IN SHOP

WASHINGTON, March 24.—Representative W. J. Browning of Camden, N. J., dropped dead today in a barber shop at the capital.

Browning was about to step out of the barber's chair when he was stricken with heart disease. He was dead when physicians reached the shop.

INDIAN STRIKERS ARE FIRED ON BY TROOPS

BOMBAY, March 24.—British troops fired upon a disorderly crowd of strikers at Jamshedjur when members of the mob ignored a warning order. Two persons were killed and twenty-five wounded. Considerable Bolshevik sentiment in the neighborhood of Jamshedpur has been indicated.

Later the military force guarding the railway was attacked and driven back a hundred yards, upon which the troops fired, killing five persons and wounding twenty-three.

SINN FEIN PRISONERS TAKEN TO ENGLAND

QUEENSTOWN, March 24.—Sixty-five Sinn Fein prisoners, under heavy military escort, were brought by motor lorry from the Cork jail this morning to this city, where they were put aboard a British sloop which departed presumably for England. The sloop was accompanied by two destroyers. The prisoners sang republican songs and returned the farewells of the watching crowds as the vessel left the harbor.

RICHMOND MEN INJURED

Bert Williams, Morris Kirkmeyer and Ed Parricone narrowly escaped death when Wilson's automobile, in which they were riding, turned over near Stockton. They were rushed to the emergency hospital in Stockton, where it was found they were suffering only from severe bruises and were discharged after a day.

SAFETY SLOGANS BY BERKELEY CHILDREN

BERKELEY, March 24.—From more than 800 contributions submitted from twelve Berkeley schools, Joseph Carbone, pupil in the fourth grade of the Columbus school and son of John A. Carbone, Berkeley's "orchid kink," is the winner of a prize for submitting the best slogan for Berkeley's "Safety First" campaign.

"Accidents happen when people are nappin'" is the slogan of young Carbone, chosen by Judge Robert Edgar, Rev. Bruce McDonald, pastor of Calvary Presbyterian church, and J. H. Kimball, secretary to Mayor Louis Bartlett, who acted as judges.

Here are some of the slogans submitted:

Use your wits, avoid the hits.

Ambulances will carry pedestrians who tarry.

Always alert, never hurt.

Watch the trains, keep your brains.

Fifteen miles, smiles; thirty miles, trials.

Female or male, jail, no bail.

Hurry, scurry, flurry, leads to cemetery.

Boy with kite, auto in sight; good night.

Jump cars, see stars.

Take no chances with death.

Rules observed, life preserved.

Look each way, it will pay.

Better be safe than sorry.

No hurry, no worry.

Look both ways, it pays.

If you're wise, use your eyes.

PUBLIC stenographic service; Mrs. Madge A. Ripley, Notary Public. Room 12, Pillow Building, 707 Macdonald ave. Phone 837. 29-24
